PASTORAL CARE

Tallaght Hospital

A Word of Welcome

You are very welcome to the healing care of our hospital. We hope that during your stay here, we, the Pastoral Care Team will be able to meet some of your needs.

Who Are We?

Healing involves caring for you as a whole person and meeting your needs not just on the physical level, but also on the spiritual and religious levels. With this in mind, the hospital offers you the services of the Pastoral Care Team. We aim to help people of all faiths and none.

The members of the ecumenical Pastoral Care Team are trained healthcare chaplains from four main Christian traditions. Each Chaplain serves as a member of the healing team working with all those who care for you.

How can we help ?

- A listening ear
- A non-judgmental presence
- A ministry of hope and healing
- A word of prayer
- Arrangements for sacraments
- A support in decision making
- Advice to help you examine questions of faith, belief and meaning
- Advocacy
- A support to your family and friends

To request a chaplain please ask your nurse to make contact

What We Offer
