How to Request Environmental information

You have the right to obtain environmental information under the European Communities (Access to Information on the Environment) Regulations 2007 – 2018 (as amended). The AIE Regulations set out the procedures for public access to information relating to the environment held by public bodies.

To make a request under the AIE Regulations, we ask that you submit your request electronically to the Access to Information Office.

In your request, we ask that you:

- Specify that you are making your request under the AIE Regulations and clearly state the environmental information that you are requesting
- Please try to provide as much detail as possible to enable us to process your request efficiently
- Include your return address

You will receive your response within one month from the date on which the request is received.

Should charges be necessary to process your request, a member of staff will contact you to advise of the charges before proceeding.

You can submit your request by emailing the Release of Information Department at ROI@tuh.ie or write to the Release of Information Department at TUH.
